

Genie of the lamp (Adult male/female)

The all powerful genie who has been trapped in the magic lamp for centuries. He/she holds the key to Aladdin's dreams through granting wishes. Looking for someone who can handle subtle humour and add a little bit of drama, they must win the audience over. Required to sing.

Genie                      What is thy wish - oh master!

Aladdin                    Master?

Genie                      I am the Genie of the lamp at your service. Ready and willing to grant your every wish and command. For centuries I have awaited your arrival to call me here. I have great powers Aladdin – while ever you hold the lamp, you are the only one that I will serve and – obey. **(Pause)** So hurry up, come on, make your first wish.

Aladdin                    A wish?

Genie                      For anything you can but dream of.

Aladdin                    That the cast of Friends will agree to a reunion?

Genie                      Although that would be good I'd think again if I were you sunshine.

Aladdin                    But what on earth can I wish for when there's nothing here. This is just an empty cave.

Genie                      Oh you innocent boy, it seems you haven't discovered the wonders of the secret cave of jewels.

Aladdin                    Secret cave of . . . ? I know Genie, I wish I was a rich as a Prince so that I can ask the Princess Yasmin to marry me!

Genie                      That's sounds more like it! And at some point in this next song I'd like to get you out of those clothes and into another outfit. Something a bit raunchier. Something Prince like for Aladdin, your wish is my command!

I call upon my magic slaves to bring the wealth inside these caves, up, up and out back to Peking - where we shall meet for your wedding!

GENIE OF THE LAMP – Shine by Take That.

You, you're such a big star to me  
You're everything I wanna be  
But you're stuck in a hole and I want you to get out  
I don't know what there is to see  
But I know it's time for you to leave  
We're all just pushing along  
Trying to figure it out, out, out.

All your anticipation pulls you down  
When you can have it all, you can have it all.

So come on, come on, get it on  
Don't know what you're waiting for  
Your time is coming don't be late, hey hey  
So come on  
See the light on your face  
Let it shine  
Just let it shine  
Let it shine.
