Feb 1937

Our Pantomime. The success of our Pantomime was somewhat hampered by the absence, through illness of some of the members of the choruses, and the same reason can no doubt be attributed to the fact that attendances were below the average. However the show itself went well and we think the first night was one of the best we have ever experienced which is saying a lot when it is remembered we are not able to have a full-dress rehearsal on the stage beforehand. Thanks to all who helped in any way.

The " appreciation boxes " collected the grand total of £4. This enabled the workers and the children to have a jolly evening at the Institute, on Friday, the 15th. of January. Members of the Orchestra attended and joined in the fun and gave their services for musical games and dancing Thanks from all to them and to those who contributed to the fund for this purpose.
