## A Message from the Chairman

Welcome to this year's Pantomime 'Cinderella'. Some of you will know that it is 50 years since Cinderella was first put on in St. Margaret's Church Hall. I *do* know because I was in it under the direction of Percy Armitage. Little did I think back then that in 50 year's time, my daughter and two grandchildren would be joining me in a production of Cinderella. But that's what's happened this year. And I'm not the only one. You'll notice many other parents and children on stage too. This year also sees the arrival of several new faces to add their talent to our production. Under the direction of Linda Birch, who also wrote the script, we've all worked hard and hope to perform with vitality and enthusiasm.

**Hope you're ready for your part—to enjoy it with gusto!**

## The Community First Responder Scheme.

The Community First Responder (CFR) scheme is a partnership between Yorkshire Ambulance Service (YAS) NHS Trust and local groups of volunteers within their community.

Authorised volunteers for YAS work as part of a dedicated team of volunteers whose aim is to **reduce the number of pre-**

**hospital deaths** in Yorkshire. It is not always possible, to get an emergency vehicle to a patient with a potentially life-threatening condition within the first few vital minutes.

**Community First Responders Help Save Lives** by providing effective treatment within those first few minutes. This is especially true for heart attacks and medical conditions that have caused someone to lose consciousness.

Community First Responders are trained in basic life support skills, the use of an automated external defibrillator (AED) and to administer oxygen.

When an emergency call is received at the YAS 999 Communications Centre, an ambulance response is dispatched. At the same time a Community First Responder, on-call in the area, can be alerted and asked to assist at the 999 incident

to ensure emergency assistance reaches the patient as quickly as possible.

More than 275,000 people suffer a heart attack in the UK each year, about a third of whom die before reaching hospital due to cardiac arrest. The defibrillators carried by Community First Responders provide early intervention to patients suffering a cardiac arrest which is one of the keys to survival.

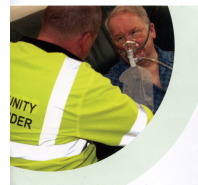

Our raffle this year is to help support our local First Response team working in Bramley, Armley, Wortley and Pudsey.

If you are interested in offering to join our local team of volunteers please see Janice or any member of Front of House or email: [janice@bptp.co.uk](mailto:janice@bptp.co.uk).
