A message from the Chairman

Bramley Parish Theatre Players are proud to be a very hard-working group that prides itself in putting on the best possible show, with the best possible costumes and scenery and the best possible sound and lighting effects we can manage within the limits of our abilities, premises and price.

The actors on stage, whom you have come to see, are only a small part of the whole team which has brought this production to you tonight. You are not supposed to see the hard-working stage crew, nor spot the script writer, set designers and props makers at work. Hopefully, you will not hear much from the Prompt, Director or Musical Director or strange or inaudible sounds out of the speakers. We value the talents each person brings to and shares with the group.

As Chairman, I know what it takes to put on a show because I've been around not just watching but helping with it all. Hope you enjoy tonight.
